

Happy New Year

to you from everyone at 1st Class Credit Union.
We hope this year brings you a lot of happiness and good health.
Sending you best wishes for the year 2023!

FAMILY FEBRUARY

Let's start 2023 correctly with 'Family February'.

Change your family members' habits from spending to saving, positively impacting their financial situation and wellbeing.

Help your family members to save each month with the option of borrowing from the credit union. T&Cs apply.

In February, we are giving you £5 for every family member you promote to the credit union.

Family members must reside at the same address as you.

From October 1st to December 31st our amazing Loans Team paid out 414 Christmas Loans to our members. This year our members benefited from £416,000.00 worth of Christmas Loans.

We know it has been a difficult 2022, so we wanted to make sure our members could turn to us for help to spread the cost of last year's festive season. This was especially important with national strikes and industrial action.

For Christmas 2023, you can build to save with us with our Christmas Savings Club, Saving £20 per month, gives you over £200 to withdraw this December.

MEMBERS SUPPORT

During the financial year our members faced the difficult challenge of navigating the Cost-of-Living Crisis. To help them during this time we introduced some new workflows and made some changes to support them as much as possible.

Support Team – The creation of a support team within the credit union allowed us to deal with member requests as quickly as possible in a centralised location. By creating an email address members can contact 24/7 we offered a new line of support for our membership. Should you require any support please contact us on paymentsupport@1stclassscu.co.uk

Policy Changes – The Cost-of-Living Crisis saw budgets stretched and disposable income diminish making it hard for everyone to make ends meet. We relaxed our rules on emergency withdrawals to give members a lifeline should they need it. During peak months we were approving almost £20,000 in emergency withdrawals for our members.

Training – During the year our staff undertook training on several subjects to help our service keep up with the challenges of the current financial climate. We delivered training on Vulnerable Customers, Financial Inclusion, Tackling the Cost-of-Living and more.

Member Credit Support

Following on with Member Support, with the industrial action and national strikes which is affecting majority of our membership, we feel it is important to understand our member's needs. Each week, our members lose a few days' worth of pay which of course has an impact on their household, bills, food, and much more. This is leaving our members in financial difficulty. We have provided our members with short term payment plans, amended credit agreements and temporary reduced payments. Since October 2022, we have supported hundreds of our members, with members paying in an average of £12.00 with the reduced payments in place, compared to the £82.00 they were paying with the agreed repayment and term. That is a reduction of £70 on average! We want to let you know, you are not alone, and we are here to help! We have a dedicated team to offer any support that we can to assist you through these tough times. We handle all circumstances on an individual basis and offer different and best solution(s).
